

WAKES UP

Wasn't I in bed just now?

I guess not...

How silly, I'm on my way to go out.

But, this feels kind of like déjà vu for some reason. I wonder why?

That's right, where's Hoya?

GRAB

FNIP

What?

What's up with that smile?

Is he planning to kill someone or something?

Er... yeah... I was looking for you but...

Aren't we a little too close right now? Heh Heh.

What's wrong?
Does all the public eye bother you?

Yes, you're bothering me.

You call that a question?

What?

WHAT?!

WHAAT...?!!

SHOVE

What are you doing!!!!

-Punch-

hah

I didn't realize you were in such a rush for this.

KYYYYAAAAA AAK!!!

You...

Who are you?

...and!

You're not Hoya.

Of course I'm Hoya! 

Hoya doesn't call himself Hoyal

point

Oh... Those savings...

Your that orange head!!

DOOM

It was a match a brief moment... not yours side do not it's one?

Of course!!

No wonder, I felt like I saw that cherry smile somewhere

MM!!

What's wrong with my smile? And also, this isn't my face OK???

Is that something to be proud of? If you're that confident then you should've came at me with your own face!

I was thinking of you and even appeared in this form!! You're such a thoughtless person!

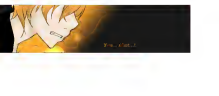

It makes you forget that Hoya was asked. Don't you think?

I am... But, from now I feel kind of...

Where is...

My head...

What?

What?

What?!

How?!

I was contemplating how I should catch an idiot like you, so thank you! I walk right into my hands on your own.

I didn't feel any hostility from you, so I left you alone. ... What did you do to the girl?

My bad, I just woke up so I can't control my powers properly.

Arg?

Waaaaaah TT__TT

I think it will be weird if Gren's clothes changes all of a sudden T_T
(Oh she had a Gren's clothes designing contest)
I'm planning to let the plot take it's course. TT
I will show you the new Gren next week
TT_TT

Also, what we have below is Alaska's requested drawing.
It was suppose to be a shower scene... but...
This was the best I could do... TT_TT

I don't know anymore.

Something is off... But I don't know anymore...
Let's just be happy that Hoya is shirtless...

Well then everyone TT_TT... See you next week TT_TTT
